### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the Specification**

Page 9: line 7, before "assigned", -- now U.S. Pat. No. 6,693,605, -- has been inserted.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Vis-à-vis the broadest independent claim 28, the art of record fails to teach or fairly suggest the system for selectively blocking electromagnetic energy, in which the system is made up of a combination of a metallic beamsplitter and a metallic quarter-wave plate, with the latter functioning to selectively alter the beam passed by the former to carry out the characteristic now claimed in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Loha Ben whose telephone number is (571) 272-2323. The examiner can normally be reached on Monday to Saturday, generally between 12:00 noon to 8:00 p.m.
